Newsletter and Minutes of the April 16th, 2020 meeting

–UPCOMING EVENTS–

Monthly Meeting:

May 21st @ 6:30pm

Dear Members,
This month we will continue cautiously with another virtual meeting via Zoom.

Sign in will start at 6:30 for Show and Tell followed by a demo by Roland Lavoie

Keep an eye on your e-mail for the invitation link.

Please be safe, stay home and keep turning.

–LEARN TO TURN–

Making Carbide Tip Tools Pen Turning

Need help, advice, or guidance with a current project or one you're hesitant to start?

Need help sharpening a certain tool/angle or want to try the Wolverine Vari-grind setup?

Bring your tools or projects to the next Learn to Turn!

- Rick will be making carbide tools
 - Lathes setup for pen turning
- !!!!**POSTPONED**!!!!

6:00pm before the next monthly meeting on March 19th

President's Notes

Rick Bugbee

Success! Our 1st virtual meeting went quite well. 24 guests from 3 different clubs checked in, and we had a wood raffle as well. This seems to bring in some interesting ideas going forward. For now, we will continue to carry the next meeting or two in the same way. Going forward I'm thinking we could continue this from the school as well. It makes me wonder if members from other groups and clubs would join as virtual members. Also, the list of demonstrators who are available will now be worldwide. This technology has been around for some time but now we can see 1st hand how it works. I will be doing a lot of research on this topic in the next few months. I don't mean to ramble on, but the possibilities are endless.

If you missed the April meeting Mike Cotton gave a great demo on making fishing lures on the lathe (not to mention pics of some awesome Striped Bass he caught with them) (he also showed us how to get the meeting on zoom) he has gone above and beyond the call off duty as secretary/facebook and newsletter editor. THANKS MIKE.....

Mike Cotton and I will be traveling to Roland's house for the May meeting. He always has something interesting going on in his shop. Many of us have been there but if you haven't, you're in for a treat. I'll get you a virtual tour before the meeting starts. You might want to save a seat as Roland is in a few clubs and the guest list will be long.

Member Ian Campbell has offered a challenge to make spinning tops for competition (tops spinning the longest time) and then to be donated to a group in the future. Jeff Mee has said this was done some years ago as RI hosted a symposium at the convention center. He had suggested a date near Christmas which would be a great time for a donation. More details to follow but now is the time to practice these are easy quick and fun. If we all make 5 each, we will have near 100 to donate or more.

While you're stuck at home don't forget pens for vets. Gene Amaral will be collecting soon.

It looks like the Governor is working on a plan to get us back to some type of normality so maybe we can get back to the school location in June or July. We will have to add some safety measures I'm sure, but it is very important to protect our members over 60 (including myself).

Stay tuned into Facebook, and email for further updates. Hope to see you at our May Zoom Meeting.

Secretary's Notes

Mike Cotton

Any members interested in having Show and Tell pictures added to the newsletter can e-mail them to me at Mikecotton01@gmail.com Thank you and stay safe!

Treasurer's notes

Bob Hopkins

You can pay your dues directly from the website at <http://www.oceanwoodturners.com/dues.cfm>

Dues: Club dues are \$25 annually.

For members who wish to have a printed Newsletter mailed to them monthly, there is an annual charge of \$5 to cover postage, payable with club dues.

All payments should be mailed to:

Bob Hopkins, 48 Tilbury Drive, Bristol, RI 02809

Show and Tell

We started recording too late and only captured this one piece by Roland Lavoie.
Sorry Roland!

Paul showing his Western Red Cedar with Maple Finial

Mike showing his Osage Orange Vase with Glass insert and Tulips!
Last picture is a Cherry Burl Vase

Ian showing 2 of his Tops, the second is Maple with more Mass for greater angular momentum allowing it to spin longer.

Jim showing his Spalted Beech and 9" Maple Burl Bowls

2 visiting club members showing a Live Edge Oak Burl Bowl and Maple Burl Hybrid Bowl

Ben showing his first bowl turned from Oak and a Chola Cactus pen blank he cast himself

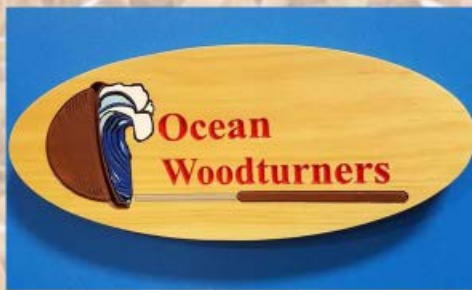

Visiting club member showing her 1" x 3.5" piece with copper leaf and pyrography

YOUR Show and Tell would go here!!

E-mail your pictures to MikeCotton01@gmail.com

Demo

Ocean Woodturners Virtual Demo Series Presents:

Fishing Plugs with Mike Cotton

Fishing Lures
are
EXPENSIVE!!!
...if you can find them

ProSeries Canal Special

3-1/8 oz

\$26.34

This lure is stable for anyone fishing fast moving bodies of water. The flattened bottom gives it the ability to get on top of the current with ease in order to maintain its side to side action.

FISHERMAN TIP

Try off jetties, rivers and big rips.

Color:

Blue

Quantity:

1
